Fatah honors arch-terrorist by proudly listing 61 of his murders

Fatah glorifies terrorist Abdallah Barghouti as "heroic prisoner" because he prepared the bombs for suicide terror attacks that:

- "killed 15 Zionists" at Sbarro restaurant
- "killed 11 Zionists" at Moment Café
- "killed 15 Zionists" at Sheffield Night Club
- "killed 9 Zionists" at Hebrew University
- "killed 11 Zionists" at the Ben Yehuda pedestrian mall

by Itamar Marcus and Nan Jacques Zilberdik

Fatah continues to follow Palestinian Authority policy documented by **Palestinian Media Watch** of honoring terrorists, among them Abdallah Barghouti.

A picture glorifying 5 of the suicide bombings that Barghouti prepared explosives for and which killed 61 "Zionists" was posted by the administrator of the Fatah's Facebook page, "The Main Page." Terrorist Barghouti was honored as the "heroic prisoner" and his attacks as "self-sacrificing activity" and "Martyrdom-seeking operations." "Martyrdom-seeking operations" is the Palestinian euphemism for suicide bombings.

Barghouti is serving 67 life sentences for preparing explosives for terror attacks in which 67 people were murdered - Sbarro restaurant (15 killed, Aug. 9, 2001), Sheffield Club (15 killed, May 7, 2002), Moment Café (11 killed, March 9, 2002), triple attack at Ben Yehuda pedestrian mall (11 killed, Dec. 1, 2001), Hebrew University (9 killed, July 1, 2002), and Bus 4 in Tel Aviv (6 killed, Sept. 19, 2002).

Following PMW's exposure of the visits this past May by PA TV to the homes of terrorist **Barghouti** and two other arch terrorists who between them are serving 166 life sentences, PA TV **criticized PMW** saying they are not terrorists but "heroes" and attacked PMW for calling them "terrorists".
